FUNCTIONAL BIODIVERSITY IN ORGANIC FARMING AND BIODYNAMIC AGRICULTURE
--

**EKOLOGIC CENTRE SLUŇÁKOV
(HORKA NAD MORAVOU NEAR OLMOUCE)**

PROGRAMME OF THE SEMINAR**4. 2. 2008 FUNCTIONAL BIODIVERSITY – BENEFICIAL RELATIONS IN SYSTEM OF ORGAIC FARMING**

9,30 -10,00	Registration		
10,00 - 10,45	Ecological infrastructure of landscape – harmony of landscape and agriculture	Bořivoj Šarapatka	Palacky University, Olomouc
10,45 – 12,00	Organic farming in Norway Spiders and Earthworms - important animals on he farm	Reidun Pommeresche	Bioforsk, Norsko
12,00 – 13,00	Lunch break		
13,00 – 14,15	Beneficial relations of organisms in the vineyards	Milan Hluchý	Biocont Laboratory spol.s r.o.
14,15 – 15,00	A diverse farm garden – adding value to the multifunctional farm	Kirsty McKinnon	Bioforsk, Norsko
15,00 – 15,15	Coffee break		
15,15 – 16,15	Functional biodiversity in orchards	Bedřich Plíšek	Organic apple grower
17,00–18,00	Guided visit of the low energy building Sluňákov	The building was reworeded as the best building of the year 2007	
18,30	Dinner		
19,00	Common evening and possible film show		

5.2. 2008 **BIODYNAMICKÉ ZEMĚDĚLSTVÍ – ZÁKLADNÍ INFORMACE O EKOLOGICKÉM
HOSPODAŘENÍ, KTERÉ BERE V ÚVAHU ZEMĚDĚLSKÝ STATEK JAKO UZAVŘENÝ CELEK**

8,45 - 9,00 Registration of new participants

9,00 - 12,00 Agricultural individuality – Trygve Sund Norwegian expert on biodynamic
37 years of practical experiences farming

12,00-13,00 Lunch break

13,00 -14,30 Principles and history of biodynamic Petr Dostálek Gengel, o.p.s.
farming in Czech Republic

14,30 -15,30 My own way to biodynamic farming Petr Vaněk Biodynamika.cz
